Student working groups

- The BIPoC Regensburg working group was founded in the summer semester of 2023 by a group of students with the idea of creating a safer space at the UR.
- BIPoC Regensburg has set itself the task of networking students who share a similar reality of life in a white majority society.
- Through various events, from regulars' tables to reading circles and movie nights, the BIPoC community in Regensburg is to be strengthened and develop
- Occasionally, we host events that are open to everyone – both BIPoCs and white people.
